What students have to say...

What volunteers have to say...

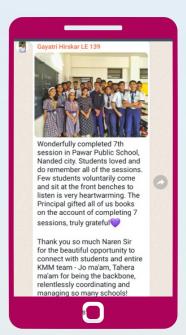

What a dhamaal end to KMM this Yr. The kids didn't want the sessions to end, and wanted it for the entire yr . The kids were very interactive today. The impact that the sessions had was visible through the feedback they shared and the improvements they have started implementing in their daily life. Towards the end was a bit of emotional moment for me seeing the love and sharings through the card and writings 😍 😍 . Blessed to be on this
